
PhD Studentships

Fully Funded PhD Studentships in Social Sciences:

Education

Eligibility: UK/EU/International

Deadline: **14th February 2014**

Social Sciences Faculty Research PhD Studentships are offered to prospective candidates from the academic year 2014/5.

The Studentships will be available under the Scheme to applicants who, in their research proposal, can clearly demonstrate academic excellence in areas relevant to the strategic interests of the School of Education and Lifelong Learning.

We invite applications in a range of areas of educational research, primarily:

- [Literacy, education and international development](#). Contact: [Professor Anna Robinson-Pant](#).
- [Mathematics education](#). Contact: [Prof. Elena Nardi](#).
- [Physical education pedagogy](#). Contact: [Dr Victoria Warburton](#).
- [Higher education and society](#). Contact: [Dr Yann Lebeau](#).
- [Cultural studies in education](#). Contact: [Prof. Victoria Carrington](#).

See also the range of expertise within the Centre for Applied Research in Education ([CARE](#)) and the [Academic Profiles](#) of EDU faculty for more details, and for the research interests of individual members of staff.

The Studentships cover tuition fees (UK/EU rates), a tax-free maintenance grant (currently £13,726 per year), and a research training support grant. International students are welcome to apply but must be able to pay the difference between [UK/EU fees and international fees](#). However in some limited cases the School may consider providing “top up” grants covering the international component of tuition fees if a student’s research topic is closely aligned to the strategic interests of the School.

Applicants are invited from suitably qualified graduates. Candidates should hold, or expect to hold, a minimum of at least a 2.1 degree (or equivalent) and preferably a Research Masters degree (or equivalent). Candidates may be asked to participate in an interview, which could take place via telephone or Skype as part of the selection process. EU and International applicants will be required to provide evidence of competence in the English Language.

To be considered for this award, you should make an application for admission to an MPhil/PhD research programme through our [online application](#) process, but you should indicate the intention to be considered for an open studentship under the Postgraduate Studentships Scheme.

For specific queries about the fit of your research proposal with School research priorities and/or availability of supervisors, please contact either [Professor Anna Robinson-Pant](#) or a potential supervisor from within the School of Education and Lifelong Learning.

For more general enquiries, or for questions about the application process, please contact the UEA PGR Office:
