CONTENTS

The Editor Dedication to Ole Skovsmose

Paul Ernest Review of Critical Philosophy of Mathematics by Ole Skovsmose

Brian Greer Suppression of Free Speech at the International Congress on Mathematical Education 2024

Roberto Ribeiro Baldino and Tânia Cristina Baptista Cabral Hegel's dialectics as an invitation to class struggle in mathematics

David Kollosche Mathematics Education for Citizenship: Potentials and Realities

Jayasree Subramanian Beyond Poverty and Development: Caste Dynamics and Access to Mathematics Education in India

Paul Ernest The Philosophy of Mathematics Education: State of the Art

Frode Olav Haara A Mathematics Education Utopia

Francesco Beccuti Gödel and Turing on Mathematical Intuition: Between Platonism and Embodiment

Nataly Z. Goldfish A Mathematical Satan: An interdisciplinary inquiry into human number sense cognition and what it may mean for mathematics education

Stuart Rowlands and Robert N. Carson Philosophy and History as an Epic Narrative in Secondary School Mathematics

Roberto Ribeiro Baldino The (fulfilled) prophecy, Parts I to III

Marshall Gordon The Formal Presentation Language of Mathematics and Communication Ethics

Gabriela Hernandez and Christian Kronsted Integrating Rock
Climbing into the Mathematics Curriculum — An Enactive
Affordance-Based Approach

Michael Kainose Mhlolo Disruptive Fixation: An analysis of ethnic
games and languages that act as barriers to Gifted Education in
South Africa

Athena Ross and Cacey Wells Ethnomathematics in the Classroom

Charde'lyce Edwards Dynamic Pedagogical Equation Theory:
Theoretical Perspectives on Mathematics Curriculum

Brian Greer A Short Test on the History of Mathematics

Located with all back issues at:

<https://sites.exeter.ac.uk/pmej/>

Aim of the Journal The aim is to foster awareness of philosophical aspects of mathematics education and mathematics, understood broadly to include most kinds of theoretical reflection and research in mathematics education; to freely disseminate new thinking and to encourage informal communication, dialogue and international co-operation between teachers, scholars, researchers and others engaged in such research and reflection.
